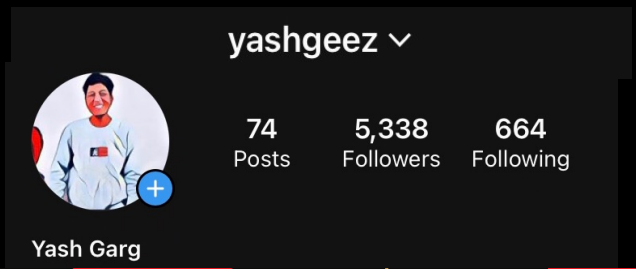
JoSAA Preference Order & Important Tips

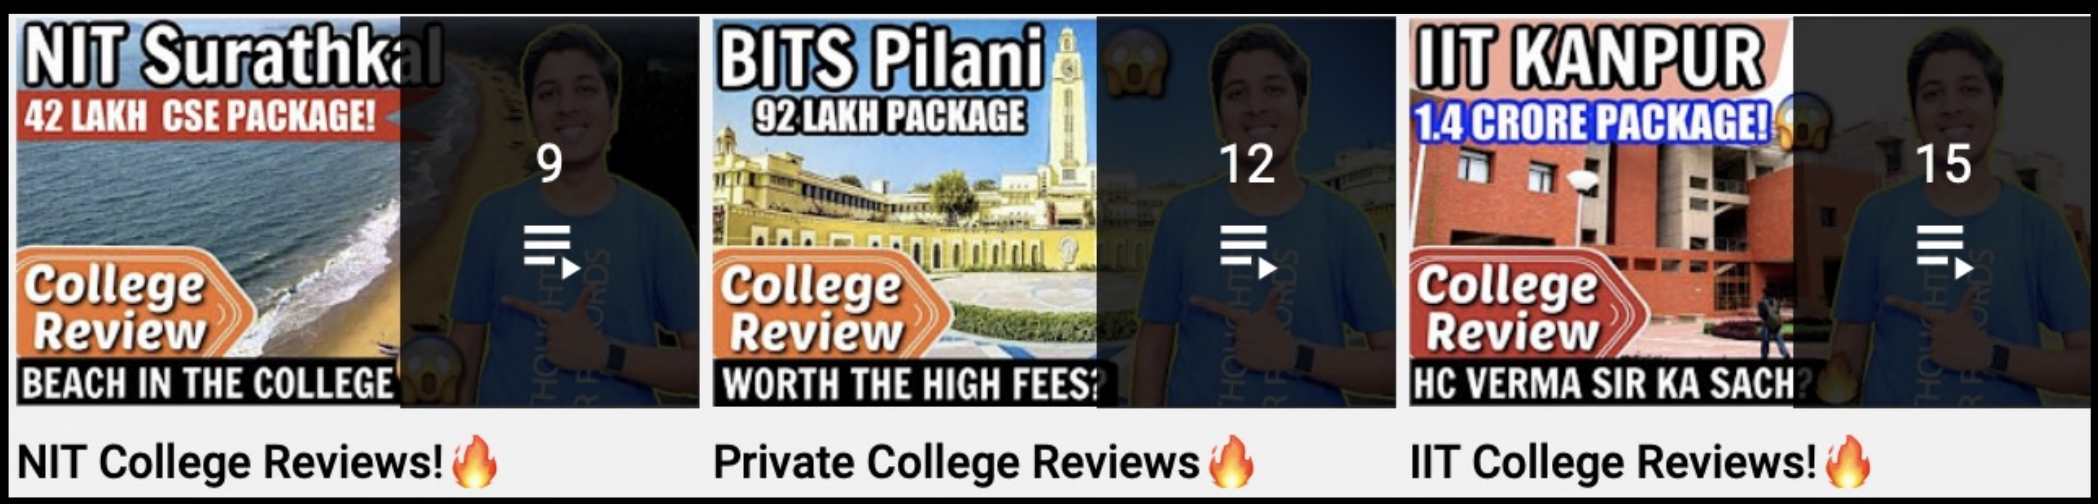
Download Link in Description



i) Before opting for a 5 year course, please consider the higher fees associated with the course.
Also, opting for this course in a lower NIT is not worth it because you can get into top IITs for M.Tech at low efforts.

ii) Please consider your state of Residence while filling the choices. For example, it might be tough for North Indians to move to the Southern Parts and vice-versa.

iii) Before choosing and filling preferences, it is highly recommended that you go through all the College Reviews that I've uploaded on my YouTube Channel. Search 'Yash Garg' on YouTube and you'll be able to find these playlists of college reviews of top IITs, NITs, IIITs



All the Best! ❤️

1	Yes	Yes	Yes	Yes	Yes
2	Yes	Yes	Yes	Yes	Yes
3	Yes	Yes	Yes	Yes	Yes

SOME MORE TIPS:

i) It is a good idea to fill maximum available preferences for increasing chances of getting a seat in a college of your choice. Start filling from NIT Trichy CSE if you want to, zyada choice bharne ke zyada paise nhi lagte :)

ii) These preferences have been arranged in ascending order of cutoffs, but it doesn't mean that you have to stick to this. If you think taking up CSE in IIT Roorkee is better than Electrical at IIT Delhi, surely go ahead!

iii) There are some new branches introduced by IIT Delhi and some of the other participating institutions as well. keep an eye on them :)

iv) Once you're allotted higher preference, lower preference ka patta cut!

iv) For Reserved Candidates like SC, ST, OBC, PwD, etc. the preference order still remains the same. General Category Cutoffs have been considered for simplicity.

v) There are GO (Goa) and AP (Andhra Pradesh) Reservations as well, which have been removed to keep this simple.

vi) For Female Candidates, Cutoff Ranks are a little higher and relaxed, but preferences will still remain the same.
